New York, July 28.—Cotton opened firm at an advance of 7 to 11 points, and sold 15 to 18 points net higher on buying, promoted by growing indications of a bullish August condition report. December contracts sold up to 12,3%, or 69 points above the low level of last week. Unfavorable crop accounts from the Carolinas, Georgia, Alabama, and Mississippi, with reports of a better inquiry from mills, were bullish factors. The advance was checked by heavy realizing.

Receipts at the ports were 800 bales, against 2,331 last week and 3,382 last year. For the week, 20,000 bales, against 18,877 last week and 28,579 last year.
